VOLUME LII. NUMBER 14

The Allies continue to drive the Hun. 150,000 prisoners and big stores of guns and munitions have been captured. The progress of our armies are steadily toward the Rhine, which is not nearly as distant as it was a few months since.

"Over the Top" in the Salvation Army War Fund Campaign.

The campaign for the Salvation Army War Fund has closed in Iron County, and as usual the people of the county showed their Americanism by going "over the top." The quota for the county was \$500.00, and the amount raised is \$716.00. Out of the 45 School Districts in the County, all but seven raised their quota or more, two went below their quota and five have failed to send in any contribution at this writing.

The five districts from which nothing has been received at this time are districts 2, 5, 8, 9, and 48, and their allotment altogether was \$38.00. Districts 3 and 17 failed to raise their quota. Several persons had charge of the drive in Ironton-Arcadia districts, and with that exception, one person had charge in each of the other districts of the county. These workers deserve much credit for what they have done, for in some instances they contributed the larger portion of the quota for their districts. It was intended to publish the names of the persons appointed to collect the amount allotted to their district together with their quota and the amount raised, but time and space forbid at this time. It is to be regretted that a single district has failed to raise their quota, and I trust they will do so yet and send it in. This money goes to aid a worthy cause. The Salvation Army workers go right into the trenches and carry food and drink to our boys "over there." Do not forget that our boys are being wounded and killed on the battle fields of France that our liberties shall remain secure. We must continue to back them up. They will thank you a thousand times for what you have done at this time for the Salvation Army.

Very respectfully,
JOHN H. KEITH, Chairman.

Baptist Church.

Just a fine day last Sunday. Fifty in the Bible School, about the same number at the preaching service, and half this number at night.

Many out of town people have attended our services throughout the summer. We are always glad to have these visitors with us.

On Monday morning, September 23, 1918, at the parsonage, the pastor had the pleasure of uniting in marriage, Mr. John W. White, of Greensburg, Kansas, and Miss Della Sutherland, of Arcadia. These two estimable people have the best wishes of their many friends. They left at once for their home in Kansas. CHAS. KING.

Methodist Mention.

Almost an ideal day for automobile riding, and yet the attendance at each Sunday School was just about fifty per cent. of the enrollment. Good interest at each place. Can't we run the attendance up to 75 per cent. next Sunday?

Good attendance and fine interest at the League. Topic for next Sunday, "A Good Conscience and How to Maintain It." Prov. 20:27; Acts, 21, 14-21. Leader, Miss Gladys Jones. Very fair attendance at both preaching places. At Union the Junior Choir took charge and made a creditable showing. Miss Leona Baldwin was at the organ. The Juniors will render a special song Sunday night.

Both preaching services will be at Union next Sunday. Morning theme, "The Kingdom of God;" evening theme, "Righteousness." All members are expected. Visitors will be cordially welcomed. Mrs. Mayfield Huff will sing at the morning service.

Des Arc Items.

Our public school starts Monday with the following teachers: Miss Lizzie Kise, Jackson, principal; Miss Lizzie Russell, Bellevue, intermediate; Miss Eunice Morris, Des Arc, primary. We hope they will have success. Des Arc school has turned out more business men and girls than any little town on the Iron Mountain railroad. Miss Eunice Morris, who is teaching in the primary, is a graduate of the Des Arc High School.

Our township went "over the top" in voting to issue bonds for good roads. Des Arc voted 100 for good roads, 18 against; Annapolis voted 90 for and 1 against the proposition.

I was in Annapolis Saturday. Everything is in a whirl in a business way up there. I saw ten lumber trucks come in with lumber. They put in twelve to fourteen thousand feet a day. They have three million feet to haul. The Walsh Tie Co. is having the work done. They are also putting on lots of ties and props. C. E. Bolch is running his drill every day. The merchants are selling lots of goods.

I was also at Sabula. C. L. Collins shipped 28 cars of ties and props last month. Chas. S. Williams, the postmaster, is doing a big business with his store.

Vulcan has stopped shipping because of scarcity of cars.

The railroad company has fenced in the track at the station here which makes it very inconvenient for every body. The town officials claim it is illegal and will investigate.

Mrs. R. H. Stevenson went to St. Louis last week to buy millinery goods.

Mrs. J. H. Stevenson is visiting her brother at Mine la Motte.

We heard from our sailor boy last Monday. He is well.

Jeff Jackson has rebuilt the bridge across Goose Creek.

The firm of Wallis & Lovelace changed hands September 1st. The Stevenson boys will conduct the business in future.

Jack McFall is now working for H. I. Ruth, with headquarters at Poplar Bluff.

Dr. N. A. Farr will be a candidate to succeed himself as Representative on the Republican ticket. He is a good man.

Our main correspondent, Miss Allie Fitz, who tells of those who come and go, has gone to Farmington to attend business college, so our letters will be short from now on. ISAAC.
